AUTHORIZATION FOR WASTEWATER SYSTEM CONSTRUCTION									
ISSUED BY:	Chi	1			DATE	SSUED:	3 Mar	ch, 2016	
By rule, this septic system requires the use of an effluent filter and a waterproof seal. A riser and septic marker may also be required. Systems shall be installed as shown in sketch and/or according to attached plans and specifications. Any unauthorized site disturbance, filling, soil removal, or layout changes may result in the permit being revoked. Improvement permit is valid for 5 years from the date of issuance unless otherwise indicated. The owner/agent accepts & verifies the conditions of the permit as indicated below. Maintenance is required to ensure proper operation.
